SUMMARY

- Full-stack web developer with 2.5 years of experience in React/Next.js and 1.5 years of experience in NodeJs/Express.
- Expertise in converting UI/UX designs into responsive, high-performance web applications.
- Skilled in optimizing code to enhance user experience and application performance.
- Proficient in implementing core functionalities and delivering effective, scalable solutions.
- Strong in testing and debugging applications from the end-user perspective.

EXPERIENCE

Full Stack Developer

Xelentor Tech

📅 2024 - Present   📍 Ahmedabad, India

- **Developed** a **multi-tenant dynamic dashboard** for Zoom and other call services, enabling real-time call tracking and charge calculation.
- **Solved** billing inaccuracies by implementing a **role-based call rate system**, ensuring precise charge calculations based on call duration and user roles.
- **Developed** a **dynamic dashboard generator** with customizable widgets and charts, allowing users to tailor data visualization to their needs.

Full Stack Developer

Emerging Coders

📅 01/2023 - 01/2024

- **Developed** a **Restaurant Order Management System (POS)** from scratch, enabling seamless real-time order management with **online and offline** support.
- **Implemented** a **multi-device synchronization system** using **Socket.IO**, ensuring instant updates and efficient order tracking.

PROJECTS

Restaurant POS

🔗 https://solobilling.com/

React, NodeJs, Express, Electron, SocketIo, Redux

- **Full-stack desktop POS system** for restaurants, handling real-time online and offline orders over LAN with WebSocket-based updates.
- Realtime order updates using Socket.
- Integrated **multi-station invoice & KOT printing**, along with order tracking and sales reporting features.

HelloBiz Insights

🔗 https://insight.hellobiz.au/

React, Ant Design, Zustand, TanStack Query

- **Multi-tenant dashboard** application for tracking and managing call records from Zoom and other communication providers.
- Dynamic language management, role-based access control, and invoice management for enhanced usability and security.

InsightHub

NextJs, Chakra Ui, ReduxToolkit

- **Dynamic dashboard generator** with customizable widgets and charts, allowing users to tailor data visualization to their needs.
- **Single Sign-On (SSO)** for seamless and secure user authentication across platforms.

EDUCATION

B.E Mechanical Engineering

Gujarat Technological University

📅 2011 - 2015

CGPA
7.9 / 10

SKILLS

React	NextJs	Tailwind	Redux	Zustand	ReCharts	Framer-motion	React Router	TypeScript

TanStack Query	NodeJs	ExpressJs	Socket.Io	ElectronJs
